

A donut chart illustrating the distribution of car buying preferences. The chart is divided into two segments: a large purple segment representing 'Buying new' at 91.49%, and a smaller teal segment representing 'Buying used' at 8.51%. The labels are placed directly on the chart near their respective segments.

Category	Percentage
Buying new	91.49%
Buying used	8.51%

Buying new
91.49%

Buying used
8.51%
